Admissions

Requirements for Admission to the Business Administration Major

Students are admitted to the major in Business Administration (BUAD) after first being admitted to Towson University. Admission to TU does not guarantee admission to the major. In order to be admitted, students must satisfy the following requirements:

1. Cumulative GPA of 2.00 or higher for all course work.
2. Successful completion of each of the courses required for admission to the major with a grade of C or higher. Required courses can be viewed on each concentration page within the requirements section.

Degree candidates intending to major in Business Administration are designated as "pre-Business Administration" (PBUA) until admission into the BUAD major. Students are required to meet each term with their assigned faculty adviser to evaluate their progress toward completing the requirements for admission to the major and the degree.

At the start of each term and before registration, the CBE Student Academic and Career Services office will notify PBUA students of their admission status by email to their TU email addresses. Students will not be allowed to take upper-level "majors-only" CBE courses until being admitted to the Business Administration major.
