## The Program

The American Studies Concentration is an interdisciplinary program that allows students to take courses in different academic departments that focus on the concept of American culture. The American Studies approach emphasizes the interrelatedness of history, literature, the arts and popular culture. In their course work students will examine American institutions, ideas and material forms in order to better understand the nation's past and to shape their own futures. The major is designed for those students who may wish to have careers in fields such as law, government service, non-profit organizations, journalism, museum work and teaching, where a broad knowledge of American history and culture is desirable.

A minor is available for those students with another major who want to learn more about American culture. Students have the opportunity to receive units for internships.
