

COLLEGES

Students choose their programs of study from Towson University's academic colleges:

- College of Business and Economics
- College of Education
- College of Fine Arts and Communication
- College of Health Professions
- College of Liberal Arts
- Jess and Mildred Fisher College of Science and Mathematics
- The Honors College

Once students have determined a program of study, they become members of, and graduates from, the academic college administering the program.

Students in teacher education programs may have requirements listed in more than one college. Teacher education programs are screened and highly competitive, requiring successful completion of specific prerequisite courses and attaining a minimum cumulative GPA, to be considered for admission.

Students interested in pursuing a career in teacher education should review the Admission and Standards for Teacher Education before deciding on a teaching career.
