OCCUPATIONAL THERAPY
M.S.

Degree: Master of Science
https://www.towson.edu/chp/departments/occutherapy/programs/gradoccutherapy/

Program Director: Amanda Jozkowski, PhD, OTR/L
Phone: 410-704-2272
Email: ajozkowski@towson.edu

This program admits fall term only.

The entry-level Master of Science degree in Occupational Therapy is designed to prepare graduates to assume key roles in practice, research, education or administration. Occupational therapists’ responsibilities in these roles are to assure high-quality services for client groups and to advance the practice of occupational therapy.

NOTE: Applicants for the entry-level master’s degree in Occupational Therapy follow procedures for submitting their application materials through the Occupational Therapy Centralized Admission Service (OTCAS). All applicants for the master’s degree program in Occupational Therapy must complete the Graduate application and supplemental forms. Contact the Occupational Therapy Admissions Counselor at 410-704-2653 or OAdmissions@towson.edu for questions regarding the application process.

Program Accreditation

Towson University’s entry-level master’s degree program is accredited by the Accreditation Council for Occupational Therapy Education (http://www.aota.org/Education-Careers/Accreditation.aspx) (ACOTE) of the American Occupational Therapy Association located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE’s telephone number, c/o AOTA, is (301) 652-AOTA.

Graduates of the program will be eligible to sit for the national certification examination for the occupational therapist, administered by the National Board for Certification of Occupational Therapy (NBCOT). After successful completion of this examination, the individual will be an occupational therapist, registered (OTR). In addition, most states require licensure to practice; however, licenses are usually based on the results of the NBCOT certification examination. (Persons convicted of felonies may be unable to sit for the Certification Examination and should inquire in advance of program entry regarding eligibility.)

For more information about occupational therapy, visit the AOTA website (http://www.aota.org).

Course Fees

A course fee will be applied to select courses to cover course materials and supplies.

Admission Requirements

All of the following criteria must be met for admission.

• A bachelor’s degree from a regionally accredited college or university** with a minimum GPA of 3.25 is required for full admission. (All GPA calculations for admission are based upon the last 60 units of undergraduate and post-baccalaureate study.) The bachelor’s degree must be indicated on the transcript by August 1 in order to begin the program.
• Complete 10 prerequisite courses prior to entering the Professional M.S. Program. Six of the 10 prerequisites must be completed at the time of application. One must be in Anatomy and Physiology I. The remaining four prerequisites must be completed in the spring and summer prior to beginning the program. CLEP scores may not be used for English Composition; online courses, ACE or UExcel exams may not be used for Anatomy and Physiology I and II, and Physics.
• Complete the following prerequisite courses with a “B-” or better:
  a. English Composition
  b. Introductory Sociology
  c. Introductory Psychology
  d. Abnormal Psychology
  e. Basic Statistics
  f. Human Anatomy and Physiology I with a lab (taken within the last five years)
  g. Human Anatomy and Physiology II with lab (taken within the last five years)
  h. Human Growth and Development (covering development across the lifespan)
  i. Medical Terminology
• Complete the following prerequisite course with a “C” or better:
  a. Physics (including mechanics and a lab)
• Complete and verify at least 60 hours of human service activity or direct occupational therapy observation. These will serve as your observation hours in the OTCAS. Human service work or volunteer experience must have involved direct, hands-on contact with people with disabilities and/or illness and/or other disadvantages. Examples include work/volunteer experience in hospitals, nursing homes, rehabilitation facilities, senior centers, drug rehabilitation programs, programs for the homeless, camps and/or attendant care. The following experiences do not satisfy this requirement: babysitting with children who do not have disabilities and administrative clerical work. All 60 hours of human service activity or direct occupational therapy observation must have been completed within two years of the application deadline. The 60 hours must have been completed in at least three different settings (e.g., hospital, rehabilitation center, school system, out-patient clinic, nursing home-assisted living facility); with a mix of children, adults and older adults; and the applicant must have been in each setting for at least 10 hours.
• Three reference forms: human service activity or occupational therapy supervisor, a professional, and either another professional or faculty member (OTCAS reference forms are to be used)
• Graduate occupational therapy admission essay/personal statement (follow guidelines outlined for OTCAS)
• Resume containing work and leadership experience
• Complete a group interview and on-site writing sample
• Complete Graduate Application (submitted by invitation after initial review of all applicants)

Please review our Admission Requirements and Deadlines (https://www.towson.edu/chp/departments/occutherapy/programs/gradoccutherapy/admission) for a full explanation of our most current admission procedures and deadlines.

Non-immigrant International Students

Program Enrollment: F-1 and J-1 students are required to be enrolled full-time. The majority of their classes must be in-
person and on campus. See the list of programs that satisfy these requirements (https://www.towson.edu/academics/graduate/admissions/international/programs-complying-j1-f1-regulations.html), and contact the International Student and Scholars Office (https://www.towson.edu/academics/international/iso) with questions.

**Admission Procedures:** See additional information regarding Graduate Admission policies (https://www.towson.edu/academics/graduate/admissions/policies.html) and International Graduate Application (https://www.towson.edu/academics/graduate/admissions/international) online.

**See Exceptions to Policy** in Graduate Admissions (https://www.towson.edu/academics/graduate/admissions/policies.html).

### Application Procedure and Guidelines

A complete application must be submitted through OTCAS (https://otcas.liaisoncas.com/applicant-ux/#/login) by October 1, and we will only include materials verified by November 1 in our review. OTCAS indicates a 4-6 week window for transcript verification; therefore, it will be necessary to submit materials as early as possible. A Towson University graduate application will be required as part of the admission process, and is completed by invitation only.

For questions about our Admissions Requirements and Deadlines (https://www.towson.edu/chp/departments/occutherapy/programs/gradoccutherapy/admission), contact:

Admissions Counselor
Department of Occupational Therapy & Occupational Science
Towson University
8000 York Rd, Linthicum Hall Room 235
Towson, MD 21252

410-704-2653
OTadmissions@towson.edu

Submit all application materials through the OTCAS. Selected applicants will be invited to apply to the Graduate School to complete their application.

### Academic Standards

- Students must maintain a minimum GPA of 3.00 for all courses in the major.
- Students must maintain a minimum GPA of 3.00 in 500- to 800-level course work.
- Students receive a maximum of two "C" grades (including "C" and "C+" grades).
- Students may repeat a maximum of two courses.
- Students may repeat the same course only once.
- Students may repeat a maximum of one Level II Fieldwork.
- Students must have a GPA of 3.00 and cleared by the department to be eligible to enroll in a Level II Fieldwork.

### Degree Requirements

The professional Master of Science Degree in Occupational Therapy is 26 months (excluding breaks) completed over 2.5 years and consists of 2 units of undergraduate course work and 77 units of graduate course work, which includes a graduate research project (a total of 79 units of course work). All students complete two 12-week, 480-hour, full-time Level II Fieldwork experiences: one in physical disabilities and one in psychosocial practice (either may be with a children and youth focus), where they apply theoretical knowledge and demonstrate entry-level competence for a licensed occupational therapist. Level II Fieldwork is a full-time commitment often requiring additional time for preparation on the evenings and weekends. Students are advised to eliminate employment during this time. While local sites (within 90 miles of the university) are available, students may need to be assigned out of the local area or out of the state for one or both of the fieldwork experiences. All Level II Fieldwork must be completed within 24 months of completion of academic course preparation.

All students must complete the Occupational Therapy Knowledge Exam (OTKE) as a degree requirement and are billed for the discounted fee associated with this exam.

Completion of an online exit survey is required for graduation clearance in addition to successful completion of all other program requirements.

### Required Undergraduate Course

Students must complete the following undergraduate course once accepted into the program.

Abbreviated Departmental Health, Insurance, and CPR requirements

- Annual PPD, Tspot, or Quantiferon Gold Blood Test required for duration of program
- Adult Tetanus, Diphtheria, and Pertussis (Tdap) vaccination must remain current for duration of program
- Positive Measles, Mumps, Rubella (MMR) Titer
- Positive Varicella Titer
- Positive Hepatitis B Titer OR Hepatitis B Declination Waiver
- A Physical Examination (may be requested annually)
- Annual Seasonal Influenza Vaccine for duration of program
- Current American Heart Association CPR Certification for Healthcare Providers for duration of program (Instructor-Led and Blended courses accepted; fully online courses are not permitted)
- Proof of Health Insurance Coverage for duration of program

Annual Health, Insurance and CPR Requirements

All students in entry-level clinical OT programs must submit and maintain the health documentation as detailed in the Department of Occupational Therapy and Occupational Science Policy for Health, Insurance, and CPR Requirements to maintain good standing in the program and be eligible for fieldwork. Students who do not remain compliant with the requirements as outlined in the full policy will fall out of good standing in the program and may be prohibited from enrolling in course work and participating in fieldwork placements. The full policy is provided upon admission to an entry-level clinical OT program and available by request.

Total Units 77

**NOTE:** Students have the option of earning a graduate certificate in Autism Studies (http://catalog.towson.edu/graduate/degree-certificate-programs/health-professions/autism-studies-certificate) or in Family-Professional Collaboration (http://catalog.towson.edu/graduate/degree-certificate-programs/liberal-arts/family-professional-collaboration-certificate). Students who elect to earn a certificate will be required to extend the length of the master’s degree program in order to complete the entire certificate program.

Courses

**OCTH 521 KINESIOLOGY OF OCCUPATION (3)**

Analysis of human movement and pathology as it applies to occupational performance. Presents the principles of biomechanics, muscle physiology, joint structure, muscle function, and motor control emphasizing palpation of anatomical structures. Prerequisite: consent of department.

**OCTH 570 SPECIAL TOPICS IN OCCUPATIONAL THERAPY (1-3)**

Designed to explore topics of special interest in the theory and practice of occupational therapy. Prerequisite: Consent of instructor. May be repeated for a maximum of 3 units.

**OCTH 600 FOUNDATIONS OF OCCUPATIONAL THERAPY (3)**

Historical and philosophical underpinnings of occupational therapy focusing on the meaning of occupation across the lifespan. Occupational therapy process and analysis of occupational performance are emphasized. Prerequisites: consent of department. Lab/Class fee will be assessed.
OCTH 600L FOUNDATIONS OF OCCUPATIONAL THERAPY - APPLICATIONS [LAB] (1)
Occupational therapy process and analysis of occupational performance across the lifespan. Application of foundational skills and tools of the profession are emphasized. Prerequisite: OCTH 600 (may be taken concurrently or the semester after taking OCTH 600) or consent of department.

OCTH 601 GROUP DYNAMICS IN DIVERSE CONTEXTS (3)
A study of group process in various contexts, representing diverse cultures.

OCTH 603 ISSUES IN OCCUPATIONAL THERAPY (3)
Analysis of current issues in occupational therapy. Prerequisite: Consent of instructor.

OCTH 604 ACADEMIC AND CLINICAL EDUCATION (3)
College/university teaching and clinical supervision strategies for the preparation of professionals in clinical disciplines. Prerequisite: Consent of instructor.

OCTH 606 ADULT AND OLDER ADULT NEUROLOGICAL OCCUPATIONAL THERAPY (3)
Examination of the etiology, progression, and management of neurological conditions and other influences on adults and older adults' engagement in occupation. Fundamentals of developmental theories, and occupational therapy theory and practice applied to adults and older adults with neurological conditions. Corequisite: OCTH 607. Prerequisites: OCTH 600, OCTH 601, OCTH 221; BIOL 427.

OCTH 607 ADULT AND OLDER ADULT MUSCULOSKELETAL OCCUPATIONAL THERAPY (3)
Examines the etiology, clinical course, evaluation, and management of musculoskeletal conditions as they influence engagement of occupation for adults and older adults. Fundamentals of occupational therapy theory and practice are applied to adults and older adults with musculoskeletal conditions. Corequisite: OCTH 606. Prerequisites: OCTH 600, OCTH 601, OCTH 221; BIOL 427. Lab/Class fee will be assessed.

OCTH 609 ADVANCED RESEARCH METHODS AND DATA ANALYSIS IN OCCUPATION BASED PRACTICE (3)
Application of qualitative and quantitative research methods and data analysis. Prerequisite: consent of department.

OCTH 610 DATA ANALYSIS IN OCCUPATION-BASED RESEARCH AND EVIDENCE-BASED PRACTICE (3)
In depth examination of quantitative and qualitative data in health related literature and application of data analysis procedures in occupation-based research. Prerequisites: consent of department.

OCTH 611 ADVANCED THEORY AND PHILOSOPHY OF OCCUPATION (3)
Analysis of the theories and philosophical assumptions underlying occupation. Prerequisite: Consent of instructor.

OCTH 612 OT HEALTH PROMOTION INITIATIVES IN THE COMMUNITY (3)
Theory and practice of occupational therapy in health promotion in the community with special emphasis on the cultural context of the community. Integrates knowledge and skills for the practice of occupational therapy services which foster healthy development; prevent health problems; maintain optimal function; and develop occupational performance skills of individuals, families, and communities. Prerequisite: OCTH 611 or permission of instructor.

OCTH 613 ADVANCED RESEARCH METHODS IN OCCUPATION BASED PRACTICE (3)
Application of qualitative and quantitative research methods. Prerequisite: consent of department.

OCTH 614 PRINCIPLES OF PSYCHOSOCIAL OCCUPATIONAL THERAPY PRACTICE (5)
Psychosocial aspects of human functioning and occupational implications of clinical conditions. Occupational therapy theory and practice are applied to mental health. Corequisite: OCTH 620. Prerequisites: OCTH 600 and OCTH 601.

OCTH 615 SEMINAR IN PROFESSIONAL AND CLINICAL REASONING (3)
Synthesis and integration of clinical reasoning, reflective practice, and professional knowledge required for clinical practice. Prerequisites: OCTH 319 and OCTH 320.

OCTH 619 ADULT PHYSICAL REHABILITATION LEVEL I FIELDWORK (3)
Classroom and fieldwork experiences in evaluation and intervention in adult rehabilitation and disability. Students explore assumptions related to clinical skills, identify areas in need of improvement, and apply learned concepts. Corequisites: OCTH 606 and OCTH 607 or consent of department. Prerequisites: OCTH 600, OCTH 601, OCTH 521, BIOL 427.

OCTH 620 PSYCHOSOCIAL LEVEL I FIELDWORK (3)
Occupational therapy service delivery in the mental/behavioral health practice arena. Students employ their clinical reasoning, therapeutic use of self and professional attitudes and behaviors while in the classroom and during their Level I fieldwork experience. Transformative learning theory frames learning activities and expected outcomes. Corequisite: OCTH 614. Prerequisites: OCTH 600, OCTH 601; consent of department.

OCTH 624 OCCUPATIONAL THERAPY PRACTICE WITH CHILDREN AND YOUTH (5)

OCTH 626 OCCUPATIONAL THERAPY FIELDWORK FOR CHILDREN AND YOUTH (3)
Classroom and fieldwork practice in occupational therapy evaluation and intervention with children and youth and their families. Students gain knowledge of delivery of occupational therapy services in various practice settings, legislation, and documentation. Competency and professionalism are addressed in Level I fieldwork. A transformative learning theory is used to frame the course. Corequisite: OCTH 624. Prerequisite: consent of department.

OCTH 627 ADMINISTRATION AND ORGANIZATION OF OCCUPATIONAL THERAPY SERVICES (3)
Administrative and organizational processes applied to occupational therapy service delivery. Includes leadership in personnel relationships, systems analysis, program planning, budgeting, marketing occupational therapy and related services, and ethical and legal issues. Topics are viewed within the perspective of the dynamics of the current health care industry. Prerequisite: consent of department.

OCTH 628 CONTEMPORARY OCCUPATIONAL THERAPY PRACTICE (3-6)
Combines classroom preparation with a directed independent study focused on expanding and developing skills in an area of occupational therapy practice of special interest to the student. May be repeated for a maximum of 6 units. Prerequisite: completion of one Level II fieldwork or consent of instructor.
OCTH 634 CONTEXTUAL FACTORS AND OCCUPATIONAL PERFORMANCE (3)
Study of contextual factors that influence occupational performance across the lifespan. Prerequisites: Consent of department.

OCTH 635 LEVEL II FIELDWORK I (9)
Supervised Level II Fieldwork in occupational therapy practice. Prerequisites: OCTH 614, OCTH 620, OCTH 606, OCTH 607, OCTH 619, OCTH 625, OCTH 626 and consent of department.

OCTH 636 LEVEL II FIELDWORK II (9)
Supervised level II fieldwork in occupational therapy practice. Graded S/U. Prerequisites: OCTH 635 and consent of department.

OCTH 670 SPECIAL TOPICS IN OCCUPATIONAL THERAPY (1-3)
Study of selected topics in occupational therapy. Prerequisites: Vary with each topic, consent of instructor.

OCTH 678 ASSESSMENT THROUGHOUT THE LIFESPAN (3)
Examination, selection, administration, and evaluation of a variety of measurement tools used in Occupational Therapy Practice. Corequisite OCTH 326. Prerequisites: OCTH 319, OCTH 320; consent of department. Lab/Class fee will be assessed.

OCTH 691 DIRECTED READINGS IN OCCUPATIONAL THERAPY (1-3)
Guided review of literature to explore in-depth subjects related to occupational therapy theory and practice. Prerequisite: Graduate standing.

OCTH 692 INDEPENDENT STUDY (1-6)
In-depth investigation specific to area of interest in occupational therapy. Prerequisite: Consent of Department.

OCTH 778 ADVANCED OCCUPATIONAL THERAPY ASSESSMENT (3)
Analysis of current assessment practices in occupational therapy and synthesis of current evidence to advance assessment procedures for the profession within specific practice areas. Prerequisites: consent of department.

OCTH 779 ADVANCED OCCUPATIONAL THERAPY INTERVENTIONS (3)
Analysis of current intervention practices in occupational therapy and synthesis of current evidence to advance intervention procedures for the profession within focused practice areas. Prerequisite: consent of the department.

OCTH 781 GRADUATE SEMINAR IN OCCUPATIONAL THERAPY (3)
Graduate project of thesis proposal preparation with feedback and discussion. Corequisite OCTH 319. Prerequisites: OCTH 320, OCTH 609 and consent of department. Lab/Class fee will be assessed.

OCTH 782 RESEARCH PRACTICUM (3)
Supervised participation in a research process that is oriented toward the application of specific research techniques in occupational therapy and occupational science. Prerequisites: OCTH 613 and OCTH 610 or OCTH 609 and consent of department.

OCTH 880 GRADUATE PROJECT IN OCCUPATIONAL THERAPY (3)
Implementation and documentation of a project designed in OCTH 781 that is oriented toward the application of specific techniques in occupational technology. Prerequisites: OCTH 781, successful completion of the graduate examination and consent of project adviser.

OCTH 881 CAPSTONE RESEARCH PROJECT I (3)
Creation of an independent research project proposal related to current occupational therapy practice areas. Prerequisites: OCTH 609, OCTH 610, or other evidence of adequate statistical analysis preparation, and consent of department.

OCTH 882 CAPSTONE RESEARCH PROJECT II (3)
Implementation, documentation, and dissemination of an evidence-based project. Prerequisites: OCTH 881 and consent of the department.

OCTH 895 DOCTORAL EXPERIENTIAL PRACTICUM (9)
The Doctoral Experiential Practicum (DEP) is a 16-week (640 hours) in-depth experience to implement a pre-approved student plan designed to develop advanced skills in an area of focus. Approval of the placement and plan is contingent upon review by the DEP Coordinator, the assigned faculty member, and placement mentor. Prerequisites: OCTH 635 and OCTH 636 and consent of department; taken concurrently with OCTH 882.

OCTH 899 THESIS CONTINUUM (1)
Continuation of thesis work.
