- Tu-secure Wireless (http://www.towson.edu/wireless) – Offers faster speeds and more secure wireless than tu-openaccess.

TU NetID

Your NetID (http://www.towson.edu/netid) is a user-specific ID that grants access to Towson University resources, like your financial information and grades, and it should be kept confidential. Do not share it with anyone! No one at Towson University will ever ask for your NetID password so be cautious of “phishing” emails asking you to enter your NetID password. Visit the phishing (https://www.towson.edu/technology/security/phishing.html) web page for more information.
