Mission Statement
The mission of the Department of Management is to provide graduates with the knowledge, skills and attitudes to be successful managers in a variety of organizational settings. We seek to develop graduates with global perspectives, ethical grounding, technological competency and a desire for lifelong learning.

Programs of the Department
The Department of Management offers the following programs:

- Major in Business Administration with concentrations in:
  - Leadership and Management
  - Entrepreneurship
  - Human Resource Management
  - International Business
  - Minor in Entrepreneurship

Why Study Management?
The rapid and continuous changes taking place in our global economy require skilled managers and leaders to ensure not only effective performance but also survival. Organizations of all sizes in all sectors of our economy face unprecedented challenges that require informed, strategic decision-making and principled leadership.

The programs of study in management are designed to allow students to develop the critical marketable skills that employers seek. Courses and programs of study within the department emphasize the development of global awareness, ethical decision-making, technological competency and ongoing personal and professional development. Ongoing curricula development ensures that course offerings and content reflect the current practices used and challenges faced by organizations. Because management is a broad field of study, the concentrations/tracks in Entrepreneurship, Human Resource Management, International Business, and Management offer students a flexible course of study that can be individualized to meet their specific career objectives.

Regardless of concentration area, all students will find several recurring themes in their course work:

- the impact of technology on management practices
- an awareness and understanding of the global environment in which organizations operate and managers make decisions
- legal and ethical dilemmas faced by managers in carrying out their responsibilities

Requirements for Admission to the Business Administration Major
Students are admitted to the major in Business Administration (BUAD) after first being admitted to the university. Admission to the university does not guarantee admission to the major. In order to be admitted, students must satisfy the following requirements:

1. Formal admission to TU as a degree candidate
2. Cumulative GPA of 2.00 or higher for all course work
3. Grade equivalent of 2.00 or higher in each course required for admission to the BUAD major
4. Minimum average GPA of 2.70 for ALL of the courses required for admission to the BUAD major:
   - ACCT 201
   - ECON 201
   - ECON 202
   - ECON 205
   - MATH 211 or MATH 273
   - LEGL 225

   No more than two courses may be repeated, of which no more than one course may be repeated twice.

Degree candidates intending to major in Business Administration are designated as "pre-Business Administration" (PBUA) until admission into the BUAD major. Students are required to meet each term with their assigned faculty adviser to evaluate their progress toward completing the requirements for admission to the major and the degree.

At the start of each term and before registration, the CBE Student Academic and Career Services office will notify PBUA students of their admission status by email to their Towson email addresses. Students who take upper-level "majors-only" CBE courses before being admitted to the Business Administration major do so at their own risk.
