

# RADIO/AUDIO CONCENTRATION

This is a screened program. Please see the admission requirements for additional information.

The Electronic Media and Film major requires the student to choose a concentration. The Electronic Media and Film major requires 42–48 units. 21 units must be upper-division courses. Students cannot have more than one concentration in the EMF major. The major requires 9 units of common introductory courses and depending upon the concentration, 33–39 units of courses distributed between required courses and electives. Maximum 18 units of transfer coursework may be applied to major requirements.

Students are reminded that it is their responsibility to check all prerequisites before registering for any course.
