

MAJOR IN MATHEMATICS

The mathematics major allows students to choose from a broad range of offerings from the math department. After completing the required courses, students select three groups for further study and must complete 2 courses from each selected group, as well as two additional electives.

Students may also wish to consider one of the four concentrations offered by the department.

Mathematics Major Requirements

All Mathematics majors must take the following required courses.

Code	Title	Units
Required Courses		
MATH 265	ELEMENTARY LINEAR ALGEBRA	4
MATH 267	INTRODUCTION TO ABSTRACT MATHEMATICS	4
MATH 273	CALCULUS I	4
MATH 274	CALCULUS II	4
MATH 275	CALCULUS III	4
Total Units		20

In addition to the 20 units of common requirements for all Mathematics majors, students who do not choose one of the four available concentrations are required to complete 43-48 additional units for a total of 63-68 units. All courses must be completed with a grade equivalent of 2.00 or higher. MATH 490 or MATH 499, and minimum six additional upper (300-400) level courses in the major must be taken at Towson University.

Code	Title	Units
Required Courses		
COSC 236	INTRODUCTION TO COMPUTER SCIENCE I ¹	4
MATH 331	PROBABILITY	4
MATH 369	INTRODUCTION TO ABSTRACT ALGEBRA	4
MATH 372	REAL ANALYSIS I	4
MATH 490 or MATH 499	SENIOR SEMINAR IN MATHEMATICS ² HONORS THESIS IN MATHEMATICS	3

Group Requirements

Select minimum three groups from the nine listed below (Algebra, Analysis, Applications, Discrete Math, Education Finance, Geometry/Topology, Numerics, and Statistics) and complete minimum two courses from each group. Algebra or Analysis must be chosen as one of the groups.

Electives

Select any two additional courses from the nine groups listed below. Maximum one elective course may be from the list of Application Electives in the Applications Group.

Total Units **43-48**

¹ COSC 175 is a prerequisite for COSC 236.

² MATH 499 is open to students completing the departmental honors program. MATH 490 or MATH 499 must be taken at Towson University.

Departmental Honors Program

The Department of Mathematics offers a departmental honors program for students who demonstrate exemplary abilities in mathematics. The program provides students with an opportunity to work closely with faculty mentors in an individual program of research, directed readings and independent study.

Graduation with departmental honors requires a minimum overall cumulative GPA of 3.33, and successful completion of a two-course research sequence and an honors thesis in mathematics (MATH 499). Departmental honors will be posted to the transcript shortly after the bachelor's degree is conferred.

Code	Title	Units
Required Coursework for Departmental Honors in Mathematics		
Research Sequence, Select one of the following:		6
MATH 491 & MATH 492	READINGS IN MATHEMATICS and RESEARCH IN MATHEMATICS	
MATH 493 & MATH 494	READINGS IN MATH EDUCATION and INDEPENDENT STUDY: RESEARCH IN MATHEMATICS EDUCATION	
MATH 495 & MATH 496	APPLIED MATHEMATICS LABORATORY I and APPLIED MATHEMATICS LABORATORY II

Total Units 120-127

¹ COSC 175 is a prerequisite for COSC 236.

1. Demonstrate knowledge of the properties of numbers and sets.
2. Demonstrate skills and knowledge of appropriate technology used in solving mathematical problems.
3. Demonstrate skills and knowledge of the basic concepts of calculus.
4. Demonstrate skills and knowledge of linear and abstract algebra.
5. Demonstrate skills and knowledge of basic probability and/or statistics.
