MINOR IN APPLIED ADULT DISABILITY STUDIES

The minor in Applied Adult Disabilities Studies provides relevant foundational knowledge useful for students preparing to work in the health, education, social science, and communications fields. Students are afforded an opportunity to apply their understanding of adult disability culture to their major focus of study. All students will engage in a service learning experience to deepen their awareness of issues related to adults with disabilities.

The minor in Applied Adult Disability Studies requires the completion of 18 units. All required courses must be completed with a GPA of 2.00 or higher. Students must satisfy the relevant prerequisites for individual required courses.
