Terry A. Cooney, Rector

What Honors Students Experience

- Good Standing in the Honors College (http://catalog.towson.edu/
  undergraduate/honors-college/good-standing-honors-college)
- Honors Recognition (http://catalog.towson.edu/undergraduate/
  honors-college/honors-recognition)
- Honors College Leadership Council (http://catalog.towson.edu/
  undergraduate/honors-college/honors-college-leadership-council)
- Scholarships (http://catalog.towson.edu/undergraduate/honors-
  college/scholarships)

The Honors College (https://www.towson.edu/honors) at Towson
University is designed to provide unique and challenging opportunities
for the most highly qualified and motivated students seeking intellectual
and personal growth. The Honors College involves students and faculty
from across TU in a community of scholars who together explore
questions within and beyond their disciplines. The Honors College serves,
therefore, as the center and symbol of TU's commitment to academic
excellence in the education of its undergraduates. The "Living and
Learning Community" was specifically designed to create an intellectual
community where students live together on campus and share ideas,
integrate residential living with classroom activity and nurture an
environment conducive to academic achievement.

Approximately 800 students from all degree granting colleges and major
departments participate in the Honors College. Professors from a variety
of disciplines are selected to lead small Honors College classes that
courage interdisciplinarity, multiple pedagogies, student involvement,
creativity, open discussion and independent critical thinking. In this
way, students’ perspectives are expanded as they explore areas not
closely related to their disciplines and are encouraged to work in their
majors with greater intensity than would be possible within traditional
curricular programs. Thus, the Honors College provides an environment
in which students develop their skills, cultivate their talents, and achieve
excellence in academics, research, service and individual development,
leading to professional success and personal fulfillment.

Honors College Staff

Dr. Terry Cooney, Dean of the College of Liberal Arts and Rector of the
Honors College

Dr. Abram Fox, Honors College Coordinator

Dr. Alison Rios Millett McCartney, Honors College Faculty Director

Ms. Rhiannon Napoli, Honors College Director of Co-curricular Programs
and Constituent Relationships

Ms. Abbie Ecton, Honors College Executive Administration Assistant

New freshman and transfer students must complete an Honors College
application to be considered for admission to the Honors College. Most
honors students apply in high school and are admitted for their freshman
year, but transfer and current Towson University students may also
apply to the Honors College. High school and transfer applicants with
fewer than 30 credits are evaluated based on their high school academic
record; SAT scores; participation in leadership, extracurricular and
community service activities; and a well-written application essay.

Transfer students with 30 credits or more of graded, college-level courses
must have at least a 3.50 GPA to apply and will be evaluated on the
basis of their collegiate record instead of their high school grades and
SATs. Applicants from other honors programs will be given special
consideration for admission.

Current Towson University students may apply to the Honors College if
they have been enrolled at Towson University for no more than four terms
(60 units) and have a cumulative GPA of 3.50 or higher.

The Honors College curriculum comprises four distinct categories —
Foundations, Lower-Level Honors Coursework, Upper-Level Honors
Seminars, and Experiential and Advanced Learning.

Students who joined the Honors College prior to fall 2016 should refer
to the Honors College website (https://www.towson.edu/honors/
academics/curriculum.html) or the undergraduate catalog for the year
in which they were admitted to the Honors College for the specifics of
their curriculum. If you have any questions regarding which curriculum
you should fulfill, please contact your Honors advisor.

Incoming First-Year Students (minimum
24 units)

Curriculum Requirements for first-year students admitted to the Honors
College fall 2016 and later.

Students who have credit for ENGL 102 in any form (AP credit, course
taken at TU, course taken elsewhere and transferred to TU) cannot
take ENGL 190 for credit. Therefore they must take ENGL 290 to fulfill
this requirement

Lower-Level Honors Courses
Select two from the following: 6

Honors versions of 100-200-level courses (e.g. PSYC 102)
200-level Honors Seminars
Other designated Honors courses not meeting other requirements (e.g., HONR 370 courses not counted toward areas III and IV), but not experiential learning (e.g. internships)

Upper-Level Honors Seminar Courses
Select two from the following:

<table>
<thead>
<tr>

Departmental honors thesis, directed readings, independent study, and approved capstone courses

300-level Honors seminars
All Experiential Learning Course options (except 300-level Honors Seminars) must be approved by the Honors College before enrollment for the term in which they are taken.

Students will be expected to present the results of Honors Elective work (except 300-level Honors Seminars) at least once at a Celebration of Scholarship and Learning or other event approved by the Honors College.

Total Units 24

Incoming Transfer Students
Curriculum Requirements for transfer students admitted to the Honors College fall 2016 and later.

The Honors College requirements for transfer students depend on the total number of transferrable credits completed (not including AP credits).

Students transferring into the Honors College with:

- **30 or fewer credits**: Requirements are the same as for first-year entering students, including Honors English, the Towson Seminar (*if it has not already been completed or waived), 6 units of lower-level Honors course work, 6 units of upper-level Honors Seminars, and 6 units from Honors Experiential and Advanced Learning courses, all taken at Towson University.
  *If the Towson Seminar has been completed or waived at the time of admission, the student must take an additional lower-level or upper-level Honors course to meet the expectation of 24 units in Honors.

- **With 31-59 credits**: Students who have taken ENGL 102 or who have received transfer credit for ENGL 102 will be exempt from the requirement of ENGL 190 or ENGL 290. Students who have taken TSEM 102 or have a transfer waiver for TSEM will be exempt from the TSEM 190 requirement but must take an additional lower-level or upper-level Honors seminar.

All other requirements remain the same as for Incoming First-year students. The total program requirement is thus 21 units.

Courses Fulfilling the Honors College Requirements
Courses taken to fulfill requirements for the Honors College may not be taken on a pass grading option. To graduate as a University Honors Scholar, students must be in the Honors College at the time of graduation.

Definitions of Courses

Honors English
Students who enter with less than 30 credits must take an Honors English course. The two options are ENGL 190 and ENGL 290. Most students will take ENGL 190 in their freshman year. Students who have already taken freshman English or who have AP credit for ENGL 102 must take ENGL 290. Topics for ENGL 290 change each term. Students should consult the list of courses available on the Honors College webpage for information about topics. ENGL 290 may be taken a second time with a different topic for Honors seminar credit (see below).

Honors Equivalent Courses
Honors Equivalent courses are more challenging versions of the regular class in that discipline. These courses are designed to be smaller, more discussion-based, more focused on critical thinking and more writing intensive than non-Honors sections of the same course. Students may count a maximum of two Honors Equivalent courses toward completion of the Honors College curriculum. Students may take additional Honors Equivalent courses as wanted for other university curriculum credit, such as University Core requirements. Honors Equivalent courses may count toward credit in the connected major or minor. See the Course catalog (http://catalog.towson.edu/undergraduate/course-descriptions) for that major or minor for more information.

Honors Seminars
Most Honors seminars start with the HONR code. Exceptions include ENGL 290, POSC 212, PHIL 212 and KNES 354. Seminars at the 200 level often also count for Core credit. See the Core Curriculum (http://catalog.towson.edu/undergraduate/core-curriculum-requirements) list for
updated information. Seminars at the 300 level are intended for juniors and seniors, though advanced second-term sophomores may also enroll. Seminars at the 300 level may also be used to fulfill Honors Elective credit (see below).

200 level
Lower-level Honors College seminars allow for in-depth study of fundamental issues, ideas, topics or problems. These interdisciplinary seminars are on a wide range of original topics that are based on the instructors’ areas of interest. Emphasis for these seminars is on developing and strengthening skills important to success in honors and undergraduate education, including oral and written communication skills, reading skills, critical and creative thinking, etc. These seminars may be repeated for credit if topics change. Courses include 200-level seminars with the HONR code, PHIL 212, POSC 212 and ENGL 290 (which can only be taken twice with different topics, whether for seminar credit, Honors English credit, or some combination thereof). These seminars may be repeated for a maximum of 6 units of credit toward Honors College requirements if topics change.

300/400 level
Upper-level Honors courses are designed to deepen knowledge about a particular intellectual issue and demonstrate the interconnectedness of academic disciplines. The approach is interdisciplinary, but some specific discipline content is used to further greater understanding of a broader issue. Many of these seminars incorporate problem-solving components and independent writing or research projects as part of a culminating activity. Like the lower-level seminars, these courses have original topics that are based on the instructor’s area of interest. These seminars may satisfy major or minor requirements. Consult your major or minor adviser for more information. These seminars may satisfy major or minor requirements, such as major, minor or Core requirements. Courses include 300-level seminars with the HONR code (may be repeated several times with a different topic), KNES 354 and ENGL 332.

Honors Elective Credit
Students must complete 6 units of Honors Electives. Eligible course options, whether taken under department codes or the HONR code include:

- Independent Study
- Study Abroad
- Internships
- Service-learning
- Directed Readings
- Thesis
- 300-level HONR seminars

For all of these options except 300-level seminars, students must follow Honors College guidelines, submit required paperwork before starting these courses, and get the approval of the Honors College Faculty Director by the end of the first week of classes for the term in which the course is taken. A maximum of 3 units toward Honors College requirements may be given for each learning experience in a single term. A maximum of 6 units total of Electives may be used toward Honors College requirements. More information and syllabus templates for Honors Independent Study, Internships, Service-learning, Directed Readings, and Thesis are available on the Honors College website. The Honors College strongly encourages these experiential learning options, and students should contact the Faculty Director the term before beginning these experiential learning courses to discuss options and ensure they are eligible for Honors College credit.

Students interested in Study Abroad must submit the forms for Study Abroad available on the Honors College website and contact the Faculty Director prior to their departure. Participants in short-term Study Abroad courses may receive 3 units toward their Honors Electives if they complete an approved study abroad project and a public presentation. Honors College students participating in full-term (Fall or Spring) study abroad course work may receive 6 units toward their Honors Electives if they complete an approved study abroad project and public presentation.

Credit for Honors Electives, with the exception of 300-level seminars, is not automatic. Experiential learning courses which are taken under a department code and are approved by the Honors College Faculty Director may also count for credit in the student’s major or minor with the approval of that department. See the Course Descriptions (http://catalog.towson.edu/undergraduate/course-descriptions) listing of specific courses for more information. All experiential learning courses require a significant writing component and a public presentation which must be completed before Honors College credit can be granted. Contact the Faculty Director for scheduled Honors College presentation dates, which vary each term.

Students interested in Honors Electives, which do not include 300-level seminars, should consult the Honors College website for more detailed, updated information on and deadlines for setting up this type of course work for Honors College credit.
