  g. Latin
  h. Portuguese
  i. Russian
  j. Swahili

Expansion of these non-major languages will be made in response to expressed student interest. Students who major or minor in Foreign Languages must declare their concentrations in the department and are required to have academic advisers in their major and minor field and maintain close contact with the faculty advisers in order to select and prepare their course of study. Majors should see their advisers at least once a term. It is recommended that the concentration be declared before or during the sophomore year.

Culture and Civilization Course Requirement

The requirement of 6 upper-division units of culture and civilization for Foreign Languages majors in the Spanish Concentration is strongly felt by the Spanish faculty to be a necessity in the program. This is primarily because of the great diversity of Spanish-speaking countries in Europe, South America, Central America and the Caribbean, and the importance of the knowledge of this diversity for all who teach or otherwise use Spanish. The French faculty also feel that the study of French culture and civilization represents a necessary aspect of the program and believe that it cannot be separated from the study of the language and literature.

Double Tracks or Majors

The department encourages its FORL majors to carry an additional concentration in either another language or to combine their language with another field of study. Interested students should consult the department.

Minor In A Foreign Language

The minor programs in French, German, Chinese, Italian, Japanese and Spanish provide majors in other disciplines with the educational language background necessary to enhance their career opportunities. Language minors may transfer up to 6 units toward a minor. Transfer students may then complete up to 6 units off campus through Towson University's study abroad or Maryland state inter-institutional exchange. All minors must complete at least 6 upper-level units as on-campus course work at TU. The minor should be approved by the student's department adviser. Minors in all languages need a C or higher in each completed course applied toward the minor.

Proficiency In A Foreign Language

The department has designed a program of study that offers non-degree-seeking professionals in the community a recognition of Proficiency in Foreign Languages with a focus in French or Spanish upon satisfactory completion of prescribed requirements.

The proficiency may be earned by any individual whose sole interest in attending TU is for the purpose of obtaining the proficiency of the language.

The program is designed for those individuals who are planning or practicing careers which require reasonable oral and written competence in a modern language. In the job market, national and international, a large number of opportunities await persons whose knowledge of one or more modern languages has been well established through intensive college/university study. The proficiency is quite advantageous for aspiring professionals in the fields of communications, public service, business and finance, agriculture, transportation, health services, education, energy, natural resources, journalism, law, foreign services, air traffic, management, import/export purchasing, sales, etc.

In order to complete the recognition of proficiency, students must complete all required courses with a grade equivalent of 2.00 or higher. Students who are prepared to begin at the advanced level will need to complete 12 units of study, whereas students who begin at the elementary level will have to earn 24 units in the particular language.

Meeting B.A. Requirements
Completion of the intermediate level of a foreign language (201 and 202) or its equivalent is required of all Bachelor of Arts degree candidates. This requirement may be met by:

1. completing two or more years of the language in high school plus intermediate levels I and II in college;
2. completing the elementary- and intermediate-level courses of the language in college;
3. successfully completing one term of any course beyond the intermediate level; or

Departmental Challenge Exam
This annual examination is for Native and Heritage speakers in the languages offered by the Department of Foreign Languages at the 301–302 level only. There is no departmental exam offered to earn elementary or intermediate units in any language. An overall exam score of A is required in order to receive 6 units; an exam score of B entitles the student to 3 units. Every October, the application for the exam is distributed by the department to qualified students. Applicants are then advised of the date and time in November when the exam will be administered. The exam is not offered at any other time of the year.

Placement In Languages
The department reserves the right to assess and place students in the language level appropriate to their prior learning and/or native or heritage speaking skills. Students wishing to enroll in Spanish classes at the 100 or 200 level as well as in 301 who do not already have college credit for the language must take the online placement exam administered by the Foreign Languages department. The link to the placement exam can be found on the department website.

Transfer Credit Policy
All Foreign Languages majors may transfer up to 15 units toward the major. All Foreign Languages minors may transfer up to 6 units toward the minor.

Honors Program
The department participates in the Honors College. Students interested in completing a language major with departmental honors should consult the departmental honors faculty coordinator no later than the first term of their junior year.

Special Departmental Programs
The department sponsors the Eta Gamma Chapter of the National Spanish Honor Society, Sigma Delta Pi, and encourages all Spanish students to participate in the activities of the society. The department also sponsors the Kappa Pi chapter of the National French Honor Society, Phi Delta Phi and Gamma Kappa Alpha, the National Italian Honor Society.

The department offers an internship program through TU's Career Center. Faculty-led study abroad programs are available for students interested in studying abroad in a variety of destinations around the world.

Oral Proficiency Interview (OPI)
As part of the requirements for graduation, teacher candidates in French and Spanish must complete the Oral Proficiency Interview (OPI), administered by an interviewer certified by the American Council on the Teaching of Foreign Languages (ACTFL). While candidates may take the OPI at any time during their course of study, the requirement should be completed no later than the end of the term in which the candidate is enrolled in SCED 499. Teacher candidates consult with their adviser in the Department of Foreign Languages regarding OPI requirements, application procedures and testing fees.

Teacher candidates from TU who are seeking certification in Maryland are required to achieve a level of “Advanced Low” in the OPI. The Department of Foreign Languages will provide numerous opportunities for candidates to meet the "Advanced Low" standard through its study abroad programs, service-learning opportunities, tutoring, language clubs and on-campus events such as film festivals and guest speakers. Students are also encouraged to seek out their own opportunities through volunteer work requiring their language skills, through the formation of practice groups with other language students and native speakers on campus, and through viewing films and television programs in the language they will be teaching.

Note for Foreign Language students: Courses at the levels of 101, 102, 201, 202, 301 and 302 in any foreign language offered by the department are not open to students who have completed or tested at a higher level in the same language.
