Student Government Association (SGA)

The SGA (http://www.towsonsga.org) is dedicated to improving students’ academic, social and cultural environments while hearing students concerns. Upon enrolling at TU, all students become members of the Student Government Association. This is the primary organization which represents all students in planning, organizing and directing student organizations and programs on campus. The SGA supports and helps fund eligible student organizations that provide students with a variety of experiences while on campus. The Student Government Association also works jointly with the faculty and administration in certain designated areas of governance of TU.

Leadership Development

Leadership Development (https://www.towson.edu/leadership) is a cornerstone of the TU student experience. We believe that leadership is not about being in charge; it is about your integrity, your self-awareness and your vision for creating change well beyond the classroom.

TU has developed many leadership experiences designed to develop civically engaged and self-aware students who possess the skills necessary to create positive change at Towson University and in the greater global community. The iLead program encourages growth and development through a series of five engaging workshops that allows students to explore their own leadership philosophy. Other key leadership programs include LeaderShape, an energizing six-day retreat designed to help participants learn to lead with integrity, and StrengthsQuest, an assessment that allows all students an opportunity to learn about their strengths and how they can enhance their personal and academic aspirations.

Late Night & Weekend Programs
